FOR THE ATTENTION OF ARMTHORPE PARISH COUNCIL

Graham,

The Flood Zone map challenge was received by the Environment Agency. We have accepted the results of the Flood Zone map challenge and therefore for the purposes of planning and developing the Neighbourhood Plan then we have no objections to the utilisation of the Flood Zone map with changes as shown on <http://armthorpebypass.com/page.php?id=14> (which is the agreed outline change).

We have had difficulties in updating our system and this is why you can still see the previous Flood Zone map on our website. We are attempting to update our database again next week for the November online update. If we are still having problems, then the next time we have the opportunity to update our website is February 2015. We will continue to progress with the change to our formal Flood Zone map and I apologise for any inconvenience caused.

Kind regards,

**David Woolley**  
**Flood Risk Management Officer**  
**Partnership and Strategic Overview Team: Nottinghamshire and Tidal Trent**
