RESOLVED: M. Gibson will take the ETRO and No entry suggestions to CDC for consideration.

Members were provided with two questionnaires that may be of use to them when preparing the public consultation. Discussion took place regarding the content of the public consultation and where to start ie schools, residents.

Ward Councillor Marriott informed Members that CDC are currently working on a Traffic Masterplan which would tie in with this consultation.

The Clerk informed Members that an Officer from CDC attended the Community Centre asking which groups she could meet with to discuss walking and cycling around the village.

RESOLVED: Councillors Needham, Brodhurst-Brown, Barrington and Head will meet to determine a firm draft of the questionnaire, to be sent initially to schools for public consultation, to bring back to the next meeting for approval.

Discussion took place regarding residents being able to adopt verges from CDC and plant them.

6.50pm Councillor Parry left the meeting.
