## Points System

Winning a game in the Football, Tag Rugby or Rounders fixtures is one worth point. If a fixture is tied at the end of normal time, the game is to be decided by a penalty shoot-out in football, golden point try in Tag Rugby and a one bat hit in Rounder's. The school team with the most points at the end of the competition will be announced as the Armthorpe School Sports Champions. If the point system is tied at the end of the competition, a four-player relay race will decide the Champions.

Southfield Primary are the favourites for this year's school sports competition.

The team have impressed in this year's fixture timetable where players have shown their individual ability to win games. They are skilful, quick, and highly motivated; this will be a very tough team to beat.

#### Our Lady of Sorrows Primary

Our Lady of Sorrows Primary are a fantastic sporting school who take every fixture very seriously. Children are highly motivated and go into every game giving 100% effort. The players have developed throughout the year and now have the ability to win a lot of games in this year's competition. The side have shown their potential in the fixture timetable and children have been very unlucky not to win several of the games against Shaw Wood Academy.

#### Tranmoor Primary School

Champions Tranmoor will aim to win their second competition. They have some talented young sport people in their side and if they work as a team, they can beat anybody. They have played in some fantastic games against Southfield Primary and will challenge to win this year's competition.

#### Shaw Wood Academy

This is a very competitive side who have some outstanding young individual players. They are a group who work hard for each other in all sports, providing a never give up attitude throughout their team. This is a side full of potential and could be the surprise team in the 2025 competition.

### Community Cleanup Bitter About Litter Project Report: April/May

- Bags collected: 60+ Bags for both collection and recycling.

- Fly tip reports, overflow reports.
- Equipment deliveries to new and existing litter pickers
- Arrange collections
- Social media promotion
- Community cleanups and solo outings

-Trash Stomp Thursdays. Every Thursday morning a green space location is chosen at random to litter pick. Regular litter pickers are invited to join in.

Other community clean up sessions such as the Beaver Scouts were very successful. The club had a high turnout for this evening. The children joined me and Critter for a 45min litter pick challenge followed by eco crafts based on Springs theme "Plastic Ocean". The session was scheduled to be in place for the Beavers to earn their Recycling Badges. The feedback from the leaders and children was positive.

World Earth Day Community Cleanup session sadly had no attendees despite having confirmation of coming prior from people. The location was Mercel/Rands Lane and surrounding to be litterpicked. I still went ahead and collected 5 bags, multiple canisters and fly tipping reports in the area.

The winners of the Plastic Ocean Creative Challenge was announced as follows

- Winner 1<sup>st</sup>, Whale Swimming In Plastic Art Piece- Logan, Shaw Wood Academy (9 votes)
- 2<sup>nd</sup> Place, Creative Writing- Ariana, South Field Primary (3 votes)
- 3<sup>rd</sup> Place, Informative Poster-Kevin and Omar, Tranmoor Primary (2 votes)

The children were presented at their school their prizes, photos taken (with permission) and shared on Bitter About Litters FB. Southfield proudly shared the achievement on their FB page. Photos were sent to admin of each school.

The GBSC campaign was featured in the Free Press and will be in the printed edition after this report has been handed in. As usual, it was met with a mix of feedback in the comment sections. For the most part it was full of proud parents for their children taking part in something that has such a positive impact on the community. The small minority where comments made that it shouldn't be up to people within the community doing this (it's someone else's job). Whilst I do not engage in the negative feedback, it does fuel the desire to push that the project is just that, a project, full of various resources and tactics to do good for the environment. That it's not just about the never-ending task of picking up after the lazy litterers but to educate, inspire and encourage others to do the right thing and give them a reason to want to.

Litter Legends Week was an opportunity to combine the Keep Britain Tidy GBSC Awards nominations with giving thanks to those who pitch in to do their part. Each day a name was drawn out of the hat to give a shout out to those who regularly help with the efforts to keep the village litter free. At the end of each entry was the link to the site where nominations can be made for an individual, group or project.

Please go to the Keep Britain Tidy website and fill in the form to be part of the campaign.

The board has been updated to showcase the GBSC event. This will be changed again in preparation for International Bio-diversity Day to advertise that the project supplies and delivers litter picking equipment. I will put together kid's litter picking kits with Hi-Viz vests, grabbers, bags, books and printed activities based on the topic to encourage children to take part and provide something interactive too.

(Books, activities, grabbers, Hi-Viz vests, bags etc are free of cost to APC as always. There is a cost for the vests however to be printed to advertise the project and that APC are providing the kits as follows)

For this I would like to ask if it is possible to have the back of the Hi-Viz vest printed with the Bitter About Litter Logo stating they are part of Litter Critters Eco Superstars and the projects QR code to scan and follow. The Armthorpe parish council logo itself displayed on the front on the chest. Estimated costing through Team Sportswear (Armthorpe local business) I have been quoted. I may be able to get the cost down if TSW were to have their logo on also if need be.

£3.50 per vest for front logo

£4.50 per vest for back logo and qr.

I would request 35 vests (vests already supplied by street scene) to lower cost. As a starting point, 20 to keep in stock for loan to clubs and activities and 15 as part of the free kits to encourage children to litter pick with parents.

For now, I request that I have my own Hi-Viz vest printed with the project logo on the back, minus the children's addition and instead with the QR code larger. The APC logo proudly on the front. The cost will be the same as above.

To maintain the supplies in good condition and hygiene, I request to purchase watertight sealed containers to store them. Currently the shed is leaking/condensation. I regularly clean in there as there is an ant problem.

May I have

X2 bins to store grabbers-adult and child's size £11.95 each, amazon

X4 medium totes to store vests, gloves £7.50 each, Halford's

X2 large tote to store hoops and bags £12 each Halford's

Childrens Design Back- Litter Critters Superstars with QR  
code, no reflective tape on vests currently  
APC logo displayed on front in teal
